To: Jennifer Cohen &lt;jennifer.cohen@lacity.org&gt;, Tamara Martin &lt;tamara.martin@lacity.org&gt;, Felix Valde &lt;felix.valde@lacity.org&gt;

Hi Jen, Tamara, and Felix,

I know there has been a lot of transition lately, but could I get updates on the status of two PPDs in CD4?

Tamara – I'm really sorry to hear about your parents!

**200 block of N. Beachwood #162 (in Larchmont).** I believe this was completed and awaiting signature from Seleta before being sent to T committee? They have had a completed application since at least May of 2014, not 2015. Any update? One of the constituent calls me literally every week.

**Beachwood #190** – the signs were ready and supposed to be installed before 11/25 (Thanksgiving), what is the status? There were 2, possibly 3 of the segments ready, detailed below. Even if the 4th segment isn't cleared, can we please get the signs up asap? They have been waiting on the installation of signs of their approved PPD for over a year!

1. Westshire Drive between Lechner Place and Woodhaven Drive

2. Westshire Drive between Beachwood Drive and Lechner Place

3. Woodshire. \*There was maybe an issue with one house, but was likely ok. One of the constituents (Soren) said:

"**Woodshire:** Tamara and Chris and I went over Woodshire with a fine toothed comb. With this memory prod, she may remember that there was one parcel which we said has no house. She then immediately checked the records for mail delivery that the City has and saw with her own eyes that yes, that particular parcel has no mail delivery. With that discovery, we held firm at our required percentage. That includes the corner house at Westshire."

4. Lechner. When Tamara and I spoke, she mentioned there was only 1 signature of 4 from this segment. DOT should have 3 of the 4 signatures for the occupied houses. Here were Soren's comments: "We understand there is only one house with a Lechner address. However, there are three potential corner houses and one plot that goes through from Westshire. Here is how they line up:

- o JJ Blair signed – he is the one with the Lechner address
- o THROUGH-LOT: The Korean family whose address is actually on Westshire also signed for Lechner. Fran got that signature and it was delivered.
- o CORNER LOT #1: The house to the north on Hollyridge has an older couple in it who signed for Hollyridge. Chris obtained in February the signature from that woman for Lechner as well.
- o CORNER LOT #2: The other house on Hollyridge, to the south, has a man who will not sign. OK
- o CORNER LOT #3: The southern house, that actually is on Westshire is now empty and has been empty for months and months, so it does not count.

Thank you,  
Catherine

Hi Catherine,

Found out some additional information (sorry for the delays). The report is still with DOT and should be out shortly. The October timeline was a bit skewed probably from my extended absence and I could not effectively follow through. Everything is pretty much ready and we have the sign work orders already completed, so as soon as T-Comm approves, it'll be submitted.

Thanks again for your patience and understanding,  
Felix

Hi Jen, Tamara, and Felix,

I know there has been a lot of transition lately, but could I get updates on the status of two PPDs in CD4?

Tamara – I'm really sorry to hear about your parents!

**200 block of N. Beachwood #162 (in Larchmont).** I believe this was completed and awaiting signature from Seleta before being sent to T committee? They have had a completed application since at least May of 2014, not 2015. Any update? One of the constituent calls me literally every week.

**Beachwood #190** – the signs were ready and supposed to be installed before 11/25 (Thanksgiving), what is the status? There were 2, possibly 3 of the segments ready, detailed below. Even if the 4th segment isn't cleared, can we please get the signs up asap? They have been waiting on the installation of signs of their approved PPD for over a year!

1. Westshire Drive between Lechner Place and Woodhaven Drive
2. Westshire Drive between Beachwood Drive and Lechner Place
3. Woodshire. \*There was maybe an issue with one house, but was likely ok. One of the constituents (Soren) said: "**Woodshire:** Tamara and Chris and I went over Woodshire with a fine toothed comb. With this memory prod, she may remember that there was one parcel which we said has no house. She then immediately checked the records for mail delivery that the City has and saw with her own eyes that yes, that particular parcel has no mail delivery. With that discovery, we held firm at our required percentage. That includes the corner house at Westshire."
4. Lechner. When Tamara and I spoke, she mentioned there was only 1 signature of 4 from this segment. DOT should have 3 of the 4 signatures for the occupied houses. Here were Soren's comments: "We understand there is only one house with a Lechner address. However, there are three potential corner houses and one plot that goes through from Westshire. Here is how they line up:
  - o JJ Blair signed – he is the one with the Lechner address
  - o THROUGH-LOT: The Korean family whose address is actually on Westshire also signed for Lechner. Fran got that signature and it was delivered.
  - o CORNER LOT #1: The house to the north on Hollyridge has an older couple in it who signed for Hollyridge. Chris obtained in February the signature from that woman for Lechner as well.
  - o CORNER LOT #2: The other house on Hollyridge, to the south, has a man who will not sign. OK
  - o CORNER LOT #3: The southern house, that actually is on Westshire is now empty and has been empty for months and months, so it does not count.

Thank you,  
 Catherine

**Subject:** Re: Need two PPD updates asap

Weird, he emailed me last week asking if we could participate in a meeting at 2:30 tomorrow but I never heard from him again!

We'll do our best.

Catherine, do you know what's happening with the Rowena meeting tomorrow? I asked Adam for an update and agenda and haven't heard back from him.

Any way we can push the report to get signed off on as soon as possible, and make sure it is scheduled for 1/13 T-cmte meeting? This one has been in the queue for so long!

Once the report is signed off we will ask the Chair to schedule it. The next T-cmte meetings are 1/13 and 1/27, so hopefully/maybe one of those?

Any idea of when it will be scheduled in T-Committee? Even a ballpark estimate I could give the constituent?

Hi Catherine,

Found out some additional information (sorry for the delays). The report is still with DOT and should be out shortly. The October timeline was a bit skewed probably from my extended absence and I could not effectively follow through. Everything is pretty much ready and we have the sign work orders already completed, so as soon as T-Comm approves, it'll be submitted.

Thanks again for your patience and understanding,  
Felix

I hear the #190 signs went in yesterday – thank you!!!!

Can I please get an update on #162?

**200 block of N. Beachwood #162 (in Larchmont).** I believe this was completed and awaiting signature from Seleta before being sent to T committee? They have had a completed application since at least May of 2014, not 2015. Any update? One of the constituent calls me literally every week.

Hi Jen, Tamara, and Felix,

I know there has been a lot of transition lately, but could I get updates on the status of two PPDs in CD4?

Tamara -- I'm really sorry to hear about your parents!

**200 block of N. Beachwood #162 (in Larchmont).** I believe this was completed and awaiting signature from Seleta before being sent to T committee? They have had a completed application since at least May of 2014, not 2015. Any update? One of the constituent calls me literally every week.

**Beachwood #190** -- the signs were ready and supposed to be installed before 11/25 (Thanksgiving), what is the status? There were 2, possibly 3 of the segments ready, detailed below. Even if the 4th segment isn't cleared, can we please get the signs up asap? They have been waiting on the installation of signs of their approved PPD for over a year!

1. Westshire Drive between Lechner Place and Woodhaven Drive
2. Westshire Drive between Beachwood Drive and Lechner Place
3. Woodshire. \*There was maybe an issue with one house, but was likely ok. One of the constituents (Soren) said:  
**"Woodshire:** Tamara and Chris and I went over Woodshire with a fine toothed comb. With this memory prod, she may remember that there was one parcel which we said has no house. She then immediately checked the records for mail delivery that the City has and saw with her own eyes that yes, that particular parcel has no mail delivery. With that discovery, we held firm at our required percentage. That includes the corner house at Westshire."
4. Lechner. When Tamara and I spoke, she mentioned there was only 1 signature of 4 from this segment. DOT should have 3 of the 4 signatures for the occupied houses. Here were Soren's comments: **"We understand there is only one house with a Lechner address. However, there are three potential corner houses and one plot that goes through from Westshire. Here is how they line up:**

- JJ Blair signed – he is the one with the Lechner address
- THROUGH-LOT: The Korean family whose address is actually on Westshire also signed for Lechner. Fran got that signature and it was delivered.
- CORNER LOT #1: The house to the north on Hollyridge has an older couple in it who signed for Hollyridge. Chris obtained in February the signature from that woman for Lechner as well.
- CORNER LOT #2: The other house on Hollyridge, to the south, has a man who will not sign. OK
- CORNER LOT #3: The southern house, that actually is on Westshire is now empty and has been empty for months and months, so it does not count.

Thank you,  
Catherine
